

DHANUSH M

Aspiring Software Development Engineer | Backend Development | Java | Python | DSA | AI/ML Enthusiast

9345766043 | dhanush.6043@gmail.com | Erode, Tamil Nadu

LinkedIn | LeetCode | GitHub

CAREER OBJECTIVE

Motivated **Software Development Engineer aspirant** pursuing **B.E. in Electronics and Communication Engineering**, with strong interest in **backend development, Java, Python, data structures and algorithms, problem solving, and scalable software systems**. Passionate about building a strong software engineering foundation through **hands-on projects, AI internship exposure, continuous coding practice, and technical community involvement**. Seeking opportunities to contribute to impactful engineering teams while growing toward **high-performance software development and AI-driven systems**.

EDUCATION

Velalar College of Engineering and Technology

Aug 2023 – May 2027

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering

CGPA: 8.4/10

Bharathi Matric Higher Secondary School, Vijayamangalam, Erode

Jun 2022 – Apr 2023

Higher Secondary (HSC) – Computer Science

81%

The Richmond Matric Higher Secondary School, Seenapuram, Erode

2020 – 2021

Secondary School (SSLC)

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C, SQL, JavaScript
- **Web Technologies:** HTML, CSS, Node.js (Basics)
- **Databases:** MySQL (Basics)
- **Developer Tools:** Git, GitHub, VS Code, IntelliJ IDEA, PyCharm, DataGrip
- **Core Strengths:** Data Structures and Algorithms, Backend Development, Problem Solving, System Design Fundamentals

PROJECTS

AI-Powered Train Traffic Control for Maximum Throughput (SIH 2025 Prototype) *Python, AI, Optimization* Sep 2025 – Dec 2025

- Worked on a **prototype-level solution** for **Smart India Hackathon (SIH) 2025** focused on improving **railway traffic throughput** and reducing scheduling conflicts.
- Contributed to the **idea design, problem analysis, and initial solution workflow** using concepts related to **AI-assisted decision making and optimization**.
- Gained practical exposure to **system-level thinking, real-world transportation challenges, and prototype-based solution development**.

Innovative Passenger Tracking System in Public Transportation (SIH 2024 Prototype) *System Design, Public Transport Innovation* Sep 2024 – Dec 2024

- Worked on a **prototype and concept design** for **Smart India Hackathon (SIH) 2024** aimed at improving **passenger visibility and monitoring** in public transportation systems.
- Contributed to **problem identification, solution ideation, and workflow structuring** for a technology-driven public transport use case.
- Strengthened understanding of **solution architecture, collaborative ideation, and real-world problem solving** through hackathon-based innovation.

Facebook Clone Page *HTML, CSS*

- Built a **Facebook-inspired static web page clone** using **HTML and CSS**, replicating core layout structure and visual styling.
- Practiced **frontend fundamentals**, including page structuring, alignment, spacing, and responsive layout organization.

INTERNSHIPS / INDUSTRIAL TRAINING

Artificial Intelligence Intern

Feb 2026 – Apr 2026

Edu-versity

Remote

- **Artificial Intelligence Internship** focused on **AI fundamentals, machine learning basics, and Python-based learning workflows.**
- Developed understanding of **data-driven reasoning, model-oriented thinking, and structured analytical problem solving.**
- Gained practical exposure to **real-world AI applications, technical learning environments, and foundational ML concepts.**

CERTIFICATIONS

- **NPTEL:** Programming in Java, Data Analytics with Python, Introduction to Machine Learning, Introduction to Large Language Models
- **Guvi (HCL):** HTML & CSS
- **Guvi (HCL):** Git
- **Guvi (HCL):** AI Fundamentals
- **Guvi (HCL):** Java Programming
- **Microsoft:** Fundamental AI Concepts
- **Udemy:** Git & GitHub
- **Udemy:** C Programming
- **Scaler:** Python Programming
- **Scaler:** Logic Building (Programming)
- **Aptiwings:** Aptitude - Problem Solving

ACHIEVEMENTS

- **Smart India Hackathon (SIH) 2024 & 2025:** Selected at the **inter-college idea evaluation level**, demonstrating strong problem-solving and solution ideation skills.

LEADERSHIP & EXTRA-CURRICULAR ACTIVITIES

- **Executive Member, IEEE Communications Society (IEEE COMSOC):** Actively involved in **technical community engagement, knowledge sharing, and student-level professional participation** since Dec 2024.

SOFT SKILLS

- **Problem Solving | Communication | Teamwork | Adaptability | Time Management | Leadership | Analytical Thinking**

AREAS OF INTEREST

- **Backend Development**
- **Artificial Intelligence and Machine Learning**

PERSONAL PROFILE

- **Father’s Name:** Mohanasundaram
- **Date of Birth:** 29/11/2005
- **Address:** 60A, EIT Road, Vathiyar Thottam, Salangapalayam (TP), Kavindapadi (PO), Erode - 638455
- **Languages Known:** Tamil (Read, Write, Speak), English (Read, Write, Speak)
